

Print both sides of paper and submit with your application form.

[This information will be used for our screening process as well as the oral examination.]

## Research Proposal

| Name<br>in full   |  | Examinee<br>Number<br>* Do not fill. |  |
|---|--|--------------------------------------|--|
| <p>Describe your reasons for applying to this department and your future career plan on the first page. Based on them, describe your research plan for master's course on the second page, with approximately 1000 words on both pages. In describing your research plan, introduce background and objectives of the research and present concrete plans of the research. Figures and tables may be included as necessary, which are not counted as part of the word limit.</p> |  |                                      |  |
| <p><u>Reasons for application and future career plan</u></p>  |  |                                      |  |
